Littleton, Colorado 80123-9998

RCI Denver Chapter Meeting – Thursday, December 12th, 2018

Waterproofing Testing Methods

Check-in and Networking at 11:30 AM; Program beginning at 12:15 PM

Arvada Public Library
7525 West 57th Avenue
Arvada, Colorado 80002

Registration fee: \$20 per person (\$10 for current members of the Denver Chapter of RCI)
Registration fee includes two drink tickets and hors d'oeuvres at the happy hour!
(Due to space restrictions, registration is limited to the first 50 respondents)

Please join the Denver Chapter of RCI for our end-of-year happy hour and Q4 meeting!

Waterproofing Testing Methods familiarizes the audience with the various methods for testing waterproofing and roofing membranes. It discusses the applicability and limitations of different tests, and provides the general procedures for how each test is performed.

Mr. Jason McKenzie has a degree in Civil Engineering Technology from the Camosun College. Jason has been involved in building envelope projects for more than 12 years. His experience includes building envelope design and field review for new construction projects, building envelope forensic assessments and due diligence assessments of existing high-rise towers and low-rise buildings, production of design details and specifications for rehabilitation and new construction projects, field performance testing of glazing systems, sealant and waterproofing components as well as whole building air leakage testing.

Program Agenda:

- 11:30 to 12:00 Sign-in and networking
- 12:00 to 12:15 Introductions & announcements
- 12:15 to 1:30 Waterproofing Testing Methods
 - Jason McKenzie
- 2:00 to 4:30 Happy Hour – School House Kitchen & Libations (5660 Olde Wadsworth Blvd, across the street from the Library)

1 RCI CEH pending approval for RCI members.
